- * Adjustable headrests are a characteristic of each piece, with or without recliner. In order not to break the internal headrests mechanism v suggest to lift up the headrest adjust it in one of the 3 possible positions and to bring it back, push it forward till you feel the mechanism soft and bring it back in horizontal position.
- * When recliner mechanism is chosen for a central seat or for an internal element the touch up buttons are hidden between the seat cushion.
- * In case you order a fixed end element and a recliner or bed element to join with it is possible that the balance of the whole sofa is not stab due to the different weights of the elements.
- * In case of multiple recliners in a same composition plugs will be multiple. It is not possible to plug in all elements with the same plug.
- * Loose pillows are not included in the composition. In case you order a Corner Element please also choose the corresponding back seat loo pillows 50x70 cm.
- * Corner Sound or Sound Storage devices can be used to reproduce MP3, iPhones, iPods etc.
- * Different combination of coverings or different sizes are not previewed in our system. Special requests will be considered a "non standa product" and a 10% surcharge will be applied.

- * There are 3 versions of this model with respective codification: FSW- with Swarovskies around the edges of the back cushions as well as around the base of the sofa; FIT- without any Swarovskies. On the sofa there are buttons covered with the same leather; FSS- Swarovskies only on the edges of the sofa.
- * There are also two versions of the cornersets: the round corner with a rectangular backcushion and the corner "Napoleon" which has a slightly rounded backcushion (like Napoleon's hat). Both have in total 6 backcushions with a slip into wooden mechanism and 2 loose cushions.
- * The 2 seater has by default 4 backcushions, the 3 seater has 5, and the 4 seater has 6.
- * The Swarovsky stones of the backcushions are mounted on stainless nickel-containing metal.
- * There are two loose pillows with sewed on Swarovsky included in the price. Those cushions cannot be reordered as it serves except as a replacement.
- * The sofa's legs are made in metal and plastic and are screwed in beneath the sofa and not visible.

GENERAL SALES CONDITIONS AND TECHNICAL SPECIFICATIONS

The pictograms, weights, volumes and dimensions of the products indicated in the price list are purely indicative. The colours and sizes listed may not faithfully reproduce the real ones may not be the subject of any complaint.

All prices listed in this price list are intended for public retail sale and are valued in Euros. The prices indicated in this price list refer exclusively to STANDARD products.

An extra charge of minimum 3% and maximum 10% may be applied for extra ordinary type of productions.

Without any surcharge, seat cushions can be supplied in the following densities: soft, medium or firm. For the option Extra Comfort an additional charge of 50€ is requested for each seat cushion (with not visible inner springs), while for the option Traditional Springs 60€ per seat surcharge and 4 additional weeks are to be added to the standard delivery time. The options Extra Comfort and Traditional Springs are NOT available for every model in collection. Please ask for availability.

For those models which have wood without briar as standard feature it is possible to choose any colour from the NIERI wood swatch except the real briar wood. With an additional surcharge of 5% it is also possible to have a briar polishing or to choose a RAL colour or another colour on the basis of a customer's sample.

For those models which have wood with briar as standard feature it is possible to order the version without briar in a colour from the NIERI wood swatch, a RAL colour

or another colour on the basis of a customer's sample, always through an additional charge of 5%.

The whole NIERI range can be upholstered with leather or fabric provided from the customer, whenever agreed by our management. In this case, the price has to be calculated in Category A fabrics. Please, be advised that the quantity of coverings mentioned in this listing are to be intended in squared meters of leather not considering the defected parts, and in linear meters of 140 cm high fabric-rolls not considering the ratio of the picture (e.g. in case of stripes or a peculiar pattern a larger quantity of fabric has to be considered).

Excluding exceptionally busy periods or holidays breaks the average delivery term for our STANDARD products varies from eight to ten weeks. For NON STANDARD products or special production (such as briar removing, traditional springs, customer coverings or wood samples and visible changes to the standard models) from 2 to 4 weeks may be added to the normal delivery time. The exact time will be stated in our written confirmation. Please always carefully check it and timely report unclear issues.

Roma Imperiale has the right to make changes without notice. The information contained in this publication are not binding. Some product might go out of production from one publication to the other so please always ask for product availability.

PRODUCT INFORMATION

The structure is made of solid wood

The product is assembled using glue and interlocking joints

All our materials comply with European standards

The seat support is sustained by elastic belts

The filling and Dacron are CFC-free

The leather upholstery is PCP-free

The packaging is recyclable

The bed function changes the design of the sofa

LIGHT PADDING FURNITURE PRODUCTS

Upholstered furniture with international flair and style mainly has "light padding". It expresses casual elegance and comfortable, cosy seating. When new this upholstery appears relatively smooth, in use it becomes soft and snug and most enjoyable. Most of the Nieri upholstered furniture are manufactured according to modern criteria with "light padding". If you have chosen cushions of a down feather-type or with a Dacron soft inlay we would like to remind you that the content of the cushions is distributed equally into individual chambers. The formation of waves and hollows in usage is not a sign of low quality but of its natural and genuine materials and expert crafting.

According to intensify of use especially in the area of the "favourite seating place" regular shaking or plumping may be necessary. Claims for such a natural feature such as "light padding" will not be accepted.

MAINTANANCE INSTRUCTIONS FOR CLEANING AND CARE

Leather furniture might be compared with the car of your body. How you use and take care of your upholstered furniture is therefore essential for its appearance and life expectancy. Experience shows that the lighter and more natural the type of cover material the more sensitive it is to outer influences.

Please observe at all time the following care instructions:

- Never treat leather with solvents of any kind (e.g. turpentine, stain remover, cleaning paraffin, shoe polish, floor polish or any type of detergent). Please follow our recommended instructions as otherwise any claims under guarantee may become invalid.
- Any kind of stain must be removed immediately and in the proper way. Pay attention not to use in an improper way any cloths, detergents, chemical or mechanical products that could cause irreparable damages. It's important to distinguish the type of stain:

- OILY stains (e.g. oil, chocolate, mayonnaise): use blotting-paper to absorb and remove the oil substance from the surface. Clean with a damp cloth, not abrasive, soaked in water and neutral soap and then dry gently with another clean cloth.

- SOLUBLE stain (e.g. Coffee, tea, milk): use a clean cloth, not abrasive, soaked in water and neutral soap. Remove the soluble substance and dry with another clean cloth.

- DRY stains: first of all don't rub the dirty part. Take a soft brush and brush very gently.

For any other specific questions in the field of leather cleaning and leather care please contact directly our partner:

LCK Leather Care Keller GmbH

Im Unterfeld 2, D-76698 Ubstadt-Weiher, Germany

Phone: (49) 7251 9625 0 · Fax: (49) 7251 9625 29 · E-mail: info@lck-international.com - www.lederpflege.de

- The prices in the pricelist are valid until December 31st 2011. Roma Imperiale reserves the right to make changes to the prices without prior notification if this becomes necessary as a result of rising purchase or production costs.

- The product warranty and care and maintenance instructions are described on the Guarantee and Quality certificate.

ALLGEMEINE VERKAUFSBEDINGUNGEN UND TECHNISCHE ANGABEN

Die Bildsymbole und Maße (Gewichte, Volumen und Größen), der in dieser Liste aufgeführten Produkte, sind rein indikativ. Es ist möglich, dass die aufgeführten Farben und Größen nicht exakt den tatsächlichen entsprechen, Beanstandungen diesbezüglich werden nicht akzeptiert.

Die in der vorliegenden Verkaufsliste aufgeführten unverbindlichen Preisempfehlungen sind in Euro angegeben.

Die in der vorliegenden Liste aufgeführten Preise beziehen sich ausschließlich auf STANDARD-Produkte. Für Sonderfertigungen kann ein Aufpreis von mindestens 3% und höchstens 10% berechnet werden.

Die Kissen der Verkaufslistenprodukte sind ohne Aufpreis in verschiedenen Härtevarianten lieferbar: soft, medium, hart. Für jede Sitzeinheit „Extra Comfort“ (mit internem, unsichtbarem Federkern) wird ein Aufpreis in Höhe von 50€ berechnet, während für eine traditionelle Federung der Sitze 60€ Aufpreis pro Sitzeinheit und vier Wochen zusätzlich zur normalen Lieferzeit für die Herstellung berechnet werden. Sowohl die Versionen Extra Comfort als die traditionelle Federung sind nicht für alle Modelle erhältlich. Bitte erkundigen Sie sich über die Machbarkeit.

Für die Modelle mit dem Standardprofil aus Holz ohne Wurzelholz ist jede NIERI Farbwahl, außer Wurzelholz, möglich. Gegen 5% Aufpreis hingegen sind eine wurzelholzimitierende Lackierung, RAL- Farben, bzw. vom Kunden vorgegebene Farbmuster umsetzbar.

Für die Modelle mit dem Standardprofil aus Holz mit Wurzelholz kann die Version gegen einen Aufpreis von 5% ohne Wurzelholz und in den Farben NIERI, RAL oder nach einem vom Kunden vorgegebenen Farbmuster angefordert werden.

Die gesamte Serie NIERI kann mit einem, direkt vom Kunden gelieferten, Überzug nach vorheriger technischer Genehmigung des Betriebes realisiert werden. In diesem Fall bezieht sich der Referenzpreis auf den des Produktes aus Stoff der Kategorie A. Die vom Kunden angeforderten Mengen werden für Leder in Quadratmetern berechnet.

Bitte beachten Sie, dass die angegebenen Mengen für einwandfreies Leder ohne Verschnitt und für Stoffe ohne Muster mit einer Höhe von 140 cm in Metern gelten. Für gemusterten Stoff muss entsprechend mehr berechnet werden.

Von Störungsfällen in der Herstellung oder Ferienschlusszeiten abgesehen, liegt die durchschnittliche Lieferzeit der STANDARD-Produkte bei acht bis zehn Wochen. Für Sonderanfertigungen (wie z. B. Wurzelholzentfernung, traditionelle Federung, Lackierung nach Kundenmuster oder sichtbare Veränderungen an Standardprodukten) kann sich die normale Lieferzeit um zwei bis vier Wochen verlängern. Der vorgesehene Liefertermin ist in jedem Fall auf der Auftragsbestätigung angegeben. Bitte prüfen Sie die Auftragsbestätigung sorgfältig und teilen Sie uns eventuelle Fehler oder Ungereimtheiten innerhalb von zwei Wochen mit.

Roma Imperiale behält sich vor, Änderungen auch ohne vorherige Kommunikation vornehmen zu können. Die Informationen in dieser Liste sind nicht verbindlich. Es kann vorkommen, dass Produkte von einer Veröffentlichung zur anderen nicht mehr hergestellt werden. Fragen Sie deshalb immer nach der Verfügbarkeit. Danke.

PRODUKTHINWEISE

Das Gestell besteht aus einer Massivholzkonstruktion.

Der Zusammenbau des Produktes erfolgt durch Verleimung und Steckverbindungen.

All unsere Materialien entsprechen den europäischen Bestimmungen.

Die Sitzunterfederung besteht aus elastischen Riemen.

Polsterung und Dacron sind CFC- frei.

Lederüberzüge sind PCP- frei.

Recyclebare Verpackung.

Die Bettfunktion kann das Aussehen und das Design der Garnitur ändern.

PRODUKTE MIT LEGERER POLSTERUNG

Polstermöbel mit internationalem Flair und Stil haben größtenteils eine „legere Polsterung“. Diese steht für informelle Eleganz und einen bequemen, gemütlichen Sitzkomfort. In neuem Zustand haben diese Polstermöbel ein recht glattes Erscheinungsbild, was sich im Laufe der Nutzung ändert in ein weiches, kuscheliges und Nest, in welchem man die Zeit genießen kann. Die meisten Nieri Polstermöbel sind leger gepolstert. Falls Sie ein Modell mit Daunens- oder Dacron-Inlet gewählt haben, möchten wir Sie daran erinnern, dass der Kisseninhalt gleichmäßig in abgeschlossenen Kammern verteilt ist. Das Entstehen von Wellen und Mulden während der Nutzung ist nicht Zeichen minderer Qualität sondern zeugt von der Echtheit und Natürlichkeit der verwendeten Materialien und von ausgereifter Handwerkskunst. Im Zuge intensiver Nutzung, wie es z. B. beim Lieblingsplatz der Fall ist, möchten wir darauf hinweisen, dass es notwendig ist, die Kissen regelmäßig aufzuschütteln und zurechtzustreichen.

Beanstandungen, die auf die natürlichen Eigenschaften von legerer Polsterung zurückzuführen sind werden nicht anerkannt.

PFLEGE- UND REINIGUNGSHINWEISE

Ledermöbel lassen sich sehr gut mit der menschlichen Haut vergleichen. Wie Sie Ihr Ledermöbel nutzen und pflegen ist demnach entscheidend für dessen Aussehen und Lebensdauer. Die Erfahrung besagt, dass je leichter und natürlicher das Bezugsmaterial ist, desto sensibler reagiert es auf äußere Einflüsse. Bitte befolgen Sie immer die von uns empfohlenen Pflegehinweise, da andernfalls die Garantie verfällt.

Bitte berücksichtigen Sie immer folgende Pflegehinweise:

- Behandeln Sie Leder nie mit Lösungsmitteln aller Art (z. B. Terpentin, Fleckentferner, Waschbenzin, Schuhcreme, Boden- bzw. jegliches anderes aggressives Reinigungsmittel).
- Jeder Fleck muss umgehend und fachgerecht entfernt werden. Bitte achten Sie darauf keine ungeeigneten chemischen oder mechanischen Mittel wie Scheuerlappen oder Reiniger zu verwenden.

Generell muss zwischen zwei Arten von Flecken unterschieden werden:

Fettflecken (z.B. Öl, Schokolade, Mayonese...): benutzen Sie Löschpapier um die fettige Substanz aufzunehmen. Tupfen Sie mit einem feuchten, eventuell mit pH-neutraler Seife versetzten, weichen Tuch die Stelle ab und trocknen Sie sie dann mit einem sauberen Tuch. Wasserlösliche Flecken (z. B. Kaffee, Tee, Milch): Tupfen Sie mit einem feuchten, eventuell mit pH-neutraler Seife versetzten, weichen Tuch die Stelle ab und trocknen Sie sie dann mit einem sauberen Tuch. Getrocknete Flecken bitte nie abrubbeln. Nehmen Sie eine weiche Bürste und bürsten Sie sehr sanft.

Für weitere Informationen und Details bezüglich der Pflege und Reinigung unserer Überzüge bitten wir Sie, Ihre Anfragen direkt an unseren Partner zu stellen:
